Auditor-Controller's Report

Report on the Financial Statements

We were engaged to audit the accompanying government wide financial statements, fund financial statements and the related notes to the financial statements of the County Service Area No. 40 – Fire Services (CSA No. 40), as of and for the year ended June 30, 2025, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the independence impairments described in the Basis for Disclaimer of Opinion paragraph, auditing standards require us to disclaim an opinion on the financial statements.

Basis for Disclaimer of Opinion

As required by various statutes within the California Government Code, County Auditor-Controllers are mandated to perform certain accounting, auditing and financial reporting functions. In Sonoma County, the Auditor-Controller and Treasurer-Tax Collector (ACTTC) positions are combined. CSA No. 40's cash is pooled with the Sonoma County Treasurer (a division of the ACTTC), who acts as a disbursing agent for CSA No. 40. The General Accounting Division within the ACTTC Office maintains internal controls over the financial accounting management information system, and processes transactions that have been approved by CSA No. 40. The General Accounting Division processes County checks for expenditures approved by CSA No. 40, these checks are signed by the Auditor-Controller-Treasurer-Tax Collector. These non-audit activities create management participation threats to auditor independence, as discussed in Interpretation 101-3 of the American Institute of Certified Public Accountants Code of Professional Conduct, which cannot be mitigated. Internal Audit, a Division of the ACTTC Office, which has no other responsibility for the accounts and records being audited, performed this audit. The amount by which this departure affects the assets, liabilities, net position, deferred outflows of resources, deferred inflows of resources, revenues and expenses of CSA No. 40 has not been determined.

Disclaimer of Opinion

Because of the independence impairments described in the Basis for Disclaimer of Opinion paragraph, auditing standards require us to disclaim an opinion on the financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matters

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A), beginning on page 1 of this report, and required supplementary information, beginning on page 22 of this report, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the MD&A and the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consists of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we have obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the MD&A or the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Sonoma County Auditor-Controller

April 16, 2026

Management's Discussion and Analysis

As management of CSA No. 40, we offer readers of these financial statements this narrative overview and analysis of the CSA No. 40 financial activities for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with CSA No. 40's financial statements and the accompanying notes to the basic financial statements.

Financial Highlights

- The assets of CSA No. 40 exceeded their liabilities at the close of the most recent fiscal year by \$2,790,351 (net position). Of this amount, \$2,790,351 (unrestricted net position) may be used to meet CSA No. 40's ongoing operations.
- The total net position of CSA No. 40's increased by \$385,743. The increase is primarily attributable to the transfer of operations to the Gold Ridge and Northern Sonoma County Fire Protection Districts. As the majority of the transfer was completed in the prior fiscal year, expenditures decreased while certain property tax revenues continued to be recognized in fiscal year 2025.
- As of the close of the current fiscal year, CSA No. 40 reported an ending fund balance of \$2,790,351, an increase of \$486,072 in comparison with the prior year. 100.0% of this amount is available for spending at CSA No. 40's discretion (unassigned fund balance).
- At the end of the year, unassigned fund balance was \$2,790,351 or 8088.4% of the total general fund expenditures of \$34,498.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to CSA No. 40's basic financial statements. CSA No. 40's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of CSA No. 40's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of CSA No. 40's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of CSA No. 40 is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the 2025 fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected rental revenue).

Fund financial statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. CSA No. 40, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. CSA No. 40's funds are governmental funds.

Governmental Fund: Governmental fund is used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental fund is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental fund with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental fund and governmental activities.

CSA No. 40 uses governmental fund to account for its activities. CSA No. 40 adopts an annual appropriated budget for its fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Notes to the basic financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of CSA No. 40, assets exceeded liabilities by \$2,790,351 at the close of 2025 fiscal year.

**Summary of Net Position
June 30**

	2025	2024	Increase (Decrease)	Percentage Change
Assets:				
Current and other assets	\$ 2,790,351	\$ 2,308,606	\$ 481,745	20.9%
Capital assets	-	100,329	(100,329)	(100.0%)
Total assets	<u>2,790,351</u>	<u>2,408,935</u>	<u>381,416</u>	<u>15.8%</u>
Liabilities:				
Current liabilities	-	4,327	(4,327)	(100.0%)
Total liabilities	<u>-</u>	<u>4,327</u>	<u>(4,327)</u>	<u>(100.0%)</u>
Net position:				
Net investment in capital assets	-	100,329	(100,329)	(100.0%)
Unrestricted	<u>2,790,351</u>	<u>2,304,279</u>	<u>486,072</u>	<u>21.1%</u>
Total net position	<u>\$ 2,790,351</u>	<u>\$ 2,404,608</u>	<u>\$ 385,743</u>	<u>16.0%</u>

The balance of unrestricted net position \$2,790,351 may be used to meet CSA No. 40's ongoing obligations to citizens and vendors.

At the end of fiscal year 2025, CSA No. 40 reported positive balances in both categories of net position. The same was true for the prior fiscal year.

Governmental Activities: Governmental activities increased CSA No. 40's net position by \$385,743 as a result of the disposal of operations. In connection with this disposal, two remaining assets associated with the Wilmar service area were transferred to the Gold Ridge Fire Protection District during fiscal year 2025.

**Changes in Net Position
For the Fiscal Year Ended June 30**

	2025	2024	Increase (Decrease)	Percentage Change
Revenues:				
Program Revenues:				
Charges for services	\$ 249,249	\$ 290,103	\$ (40,854)	(14.1%)
General Revenues:				
Property taxes	135,711	114,645	21,066	18.4%
Investment earnings	135,610	89,661	45,949	51.2%
Total revenues	<u>520,570</u>	<u>494,409</u>	<u>26,161</u>	<u>5.3%</u>
Expenses:				
Program Expenses:				
Public safety - fire protection	34,498	183,194	(148,696)	(81.2%)
Total expenses	<u>34,498</u>	<u>183,194</u>	<u>(148,696)</u>	<u>(81.2%)</u>
Special Item-Disposal of Operations	<u>(100,329)</u>	<u>(2,339,650)</u>	<u>2,239,321</u>	<u>(95.7%)</u>
Change in net position	385,743	(2,028,435)	2,414,178	(119.0%)
Net position, beginning of the year	<u>2,404,608</u>	<u>4,433,043</u>	<u>(2,028,435)</u>	<u>(45.8%)</u>
Net position, end of the year	<u>\$ 2,790,351</u>	<u>\$ 2,404,608</u>	<u>\$ 385,743</u>	<u>16.0%</u>

Financial Analysis of the Government's Funds

CSA No. 40 uses fund accounting to ensure and demonstrate compliance with legal and governmental accounting requirements.

Governmental fund: The focus of CSA No. 40's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing CSA No. 40's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

As of the end of the 2025 fiscal year, CSA No. 40's governmental fund reported ending fund balance of \$2,790,351, an increase of \$486,072 in comparison with the prior year. 100.0% of the total amount constitutes unassigned fund balance, which is available for spending at the government's discretion.

As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 8088.4% of total general fund expenditures.

General Fund Budgetary Highlights

Differences between the original and the final amended budgets were to recognize additional revenues received during the fiscal year and the expenditures offsetting these increases.

Capital Assets

CSA No. 40 did not have any capital assets as of June 30, 2025. The total decrease in capital assets for the fiscal year was \$100,329. Because the fixed assets were held for transfer, no depreciation expense was recorded during the current fiscal year.

As part of the consolidation of CSA No. 40 territory with professional, independent fire districts, the remaining two pieces of equipment were transferred to the Gold Ridge Fire Protection District.

Major capital asset events during the current fiscal year included the following:

Capital assets dispositions:

Equipment-Wilmar	\$ (100,329)
Total decrease in capital assets	<u>\$ (100,329)</u>

Additional information on CSA No. 40's capital assets can be found in note II.B.

Economic Factors and Next Year's Budgets and Rates

Over the next year CSA No. 40 is expecting:

- There are a few remote territories remaining within CSA 40 which include Incident Response Program (IRP) areas 51, 56 and 71. The County has an agreement with the Sonoma County Fire District to annex IRP 51 and 56 and has begun discussing the annexation process with the Local Agency Formation Commission (LAFCO). The City of Santa Rosa provides fire services for IRP 71, and the County has begun discussions on the annexation of this territory. Once these remaining territories are annexed, CSA 40 will be dissolved.

All of these factors were considered in preparing CSA No. 40's budget for the fiscal year ending June 30, 2026.

Request for Additional Information

This financial report is designed to provide a general overview of CSA No. 40's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Administrator's Office, 575 Administration Drive, Suite 104 A, Santa Rosa, CA 95403.

County Service Area No. 40 – Fire Services
Notes to the Basic Financial Statements
June 30, 2025

I. Summary of Significant Accounting Policies

A. Reporting Entity

CSA No. 40 was established in 1993 as a dependent special district to levy property taxes for the provision of fire protection services to unincorporated areas of Sonoma County that are not included within an existing Fire Protection District or County Service Area. CSA No. 40 is administered by the County Administrator’s Office. As part of the County’s Fire Services Project and the associated consolidation efforts, the remaining volunteer fire companies operating under CSA No. 40 were approved for consolidation with the Gold Ridge Fire Protection District and the Northern Sonoma County Fire Protection District in fiscal year 2022-23, with the related equipment and fund balance transfers completed in fiscal year 2023-24. In connection with this disposal of operations, remaining two assets associated with the Wilmar service area were transferred to the Gold Ridge Fire Protection District in fiscal year 2025. The disposal of the Wilmar asset is reported in the Supplementary Information section of this report.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately.

The statement of activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or section and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing

County Service Area No. 40 – Fire Services
Notes to the Basic Financial Statements
June 30, 2025

of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Taxes, interest, and charges for services are considered to be available when receipt occurs within 365 days of the end of the accounting period so as to be both measurable and available. Licenses, permits, fines, forfeitures, and other revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Property taxes are accrued when their receipt occurs within sixty days of the end of the accounting period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims judgments are recorded only when payment is due.

Amounts recorded as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided and 2) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. General revenues include all taxes.

D. Assets, Liabilities, and Net Position or Equity

1. Cash and Investments

In accordance with GASB Statement No. 31, *“Accounting and Financial Reporting for Certain Investments and External Investment Pools”* and GASB Statement No. 72, *“Fair Value Measurement and Application”*, investments are stated at fair value in the statement of net position and balance sheet and the corresponding changes in the fair value of investments are recognized in the year in which the change occurred. CSA No. 40 reports certain investments at fair value in the balance sheet and recognizes the corresponding change in the fair value of investments in the year in which the change occurred.

2. Receivables and Payables

Property Taxes

The County of Sonoma is responsible for assessing, collecting and distributing property taxes in accordance with state law. Liens on real property are established January 1 for the ensuing fiscal year. The property tax is levied as of July 1 on all

County Service Area No. 40 – Fire Services
Notes to the Basic Financial Statements
June 30, 2025

taxable property located in the County of Sonoma. Secured property taxes are due in two installments, on November 1 and February 1, and are delinquent after December 10 and April 10, respectively. Additionally, supplemental property taxes are levied on a pro rata basis when changes in assessed valuation occur due to sales transactions or the completion of construction.

Since the passage of California’s Proposition 13, beginning with fiscal year 1978/1979, general property taxes are based either on a flat 1% rate applied to the 1975/1976 full value, or on 1% of the sales price of the property on sales transactions and construction after the 1975/1976 valuation. Taxable values on properties (exclusive of increases related to sales and construction) can rise at a maximum of 2% per year.

On June 30, 1993, the Board of Supervisors adopted the “Teeter” Method of property tax allocation. This method allocates property taxes based on the total property tax billed. At year end the County advances cash to each taxing jurisdiction equal to its current year delinquent property taxes. In exchange, the County receives the penalties and interest on delinquent taxes when collected. The penalties and interest are used to pay the interest cost of borrowing the cash used for the advances.

3. Capital Assets

Capital assets, which include equipment, are reported in the applicable governmental activities’ columns in the government-wide financial statements. Capital assets are defined by CSA No. 40 as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

No depreciation expense was recorded for the current fiscal year because the two remaining pieces of equipment were transferred to the Gold Ridge Fire Protection District and were classified as held for disposal. The assets were not used by CSA No. 40 during the fiscal year.

Equipment of CSA No. 40 is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	10 – 25
Equipment	4 – 25

County Service Area No. 40 – Fire Services
Notes to the Basic Financial Statements
June 30, 2025

4. Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets (net of related debt), restricted and unrestricted.

- a. *Net investment in capital assets* – This category groups all capital assets, including infrastructure, into one category of net position. Accumulated depreciation and amortization and outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- b. *Restricted net position* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- c. *Unrestricted net position* - This category represents net position, not restricted for any project or other purpose.

5. Fund Balance

In the fund financial statements, governmental fund report fund balance as non-spendable, restricted, committed, assigned or unassigned based primarily on the extent to which the entity is bound to honor constraints on how specific amounts can be spent.

- a. *Non-spendable Fund Balance* – Amounts that cannot be spent because they are either not spendable in form or legally or contractually required to be maintained intact.
- b. *Restricted Fund Balance* – Amounts with constraints placed on their use that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.
- c. *Committed Fund Balance* – Amounts that can only be used for specific purposes pursuant to constraints imposed by ordinance or resolution of the County’s

County Service Area No. 40 – Fire Services
Notes to the Basic Financial Statements
June 30, 2025

highest decision-making authority (the Board of Supervisors) and that remain binding unless removed by an equally binding action.

- d. *Assigned Fund Balance* – Amounts that are constrained by the County’s intent to be used for specific purposes. The intent can be established by the County’s highest level of decision-making authority (the Board of Supervisors) or by a body or an official to which the Board of Supervisors has delegated the authority (i.e. County Administrator).
- e. *Unassigned* – The residual amount of all general fund spendable resources not contained in the other classifications.

6. Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

E. Stewardship, Compliance, and Accountability

1. Budgetary Information

Budgetary revenue estimates represent original estimates modified for any authorized adjustment which was contingent upon new or additional revenue sources. Budgetary expenditure amounts represent original appropriations adjusted by budget transfers and authorized appropriation adjustments made during the various years. All budgets are adopted on a non-GAAP basis. CSA No. 40’s budgetary information was amended during each of the years by resolution of the Board of Directors.

II. Detailed Notes

A. Cash and Investments

CSA No. 40 follows the County’s practice of pooling cash and investments of all funds with the County Treasurer. The amount of cash at June 30, is as follows:

Cash in County Treasury	\$ 2,790,351
-------------------------	--------------

June 30, 2025

Investment in the Sonoma County Treasurer’s Investment Pool

As authorized by Health and Safety Code 13854 (a), CSA No. 40’s cash is pooled with the Sonoma County ACTTC, who acts as a disbursing agent for CSA No. 40. The fair value of the CSA No. 40’s investment in this pool is reported in the accompanying financial statements at amounts based upon the CSA No. 40’s pro-rata share of the fair value provided by the Treasury Pool for the entire Treasury Pool portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on accounting records maintained by the Treasury Pool, which are recorded on an amortized cost basis. Interest earned on investments pooled with the County is allocated quarterly to the appropriate fund based on its respective average daily balance for that quarter. The Treasury Oversight Committee requires an annual audit to ensure the County’s Investment Portfolio is in compliance with its policy and California Government Code Section 53601.

Investment Guidelines

The CSA No. 40’s pooled cash and investments are invested pursuant to investment policy guidelines established by the County Treasurer and approved by the Board of Supervisors. The objectives of the policy are, in order of priority: safety of capital, liquidity and maximum rate of return. The policy addresses the soundness of financial institutions in which the County will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity.

A copy of the Treasury Pool investment policy is available upon request from the Sonoma County Treasurer at 585 Fiscal Drive, Suite 100, Santa Rosa, California, 95403.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, one of the ways that the Treasury Pool manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturing evenly over time as necessary to provide the cash flow and liquidity needed for operations.

As of June 30, 2025, approximately 42 percent of the investments in the Treasury Pool

County Service Area No. 40 – Fire Services
Notes to the Basic Financial Statements
June 30, 2025

had maturities of one year or less. Of the remainder, less than 1 percent, had a maturity of more than five years.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Treasury Pool does not have a rating provided by a nationally recognized statistical rating organization.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the County's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits and securities lending transactions:

- The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by depository regulated under state law. The market value of the pledged securities in the collateral pool must equal to at least 110% of the total amount deposited by the public agencies.
- California law also allows financial institutions to secure the County's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.
- The California Government Code limits the total of all securities lending transactions to 20% of the fair value of the investment portfolio.

With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as the Treasury Pool).

Concentration of Credit Risk

The investment policy of the County contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. For a listing of investments in any one issuer (other than U.S. Treasury securities, mutual funds, or external investment pools) that represent 5% or more of total County investments, refer to the 2025 Sonoma County Annual Comprehensive Financial Report.

B. Capital assets

Capital asset activity for the year ending June 30, 2025 was as follows:

	<u>Balance Beginning</u>	<u>Additions</u>	<u>Retirements</u>	<u>Transfers & Adjustments</u>	<u>Ending Balance</u>
Capital assets, not being depreciated:					
Equipment	\$ 394,690	\$ -	\$ (394,690)	\$ -	\$ -
Less accumulated depreciation for Equipment	<u>(294,361)</u>	<u>-</u>	<u>294,361</u>	<u>-</u>	<u>-</u>
Capital assets, net	<u>\$ 100,329</u>	<u>\$ -</u>	<u>\$ (100,329)</u>	<u>\$ -</u>	<u>\$ -</u>

C. Special Item-Disposal of Operations

In fiscal year 2025, CSA No. 40 transferred its two remaining vehicles, with a combined net book value of \$100,329, to the Gold Ridge Fire Protection District as part of the continued disposal of operations. As a result of the transfer, CSA No. 40 recognized a loss of \$100,329 on the disposal of its fire service operations, which is reported as a special item in the Statement of Activities.

B. Implementation of Governmental Accounting Standards Board (GASB) Statements

The requirements of the following GASB Statements are effective for the purpose of implementation, as noted, for the fiscal year ending June 30, 2025:

GASB Statement No. 102, *Certain Risk Disclosures*: The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government’s vulnerabilities due to certain concentrations or constraints. CSA No. 40 implemented this statement without any impact on CSA No. 40.

C. Future Government Accounting Standards Board (GASB) Pronouncements

The following GASB statements were issued. CSA No. 40 has not determined the effect on the financial statements of the following GASB statements:

GASB Statement No. 103, *Financial Reporting Model Improvements*: The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. *Effective FY 2025-26.*

GASB Statement No. 104, *Disclosure of Certain Capital Assets*: The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. *Effective FY 2025-26.*
