

Authorized Artificial Intelligence (AI) Technologies List

In accordance with County Administrative Policy 9-6 Information Technology Artificial Intelligence (AI) Policy, section 7. AI Due Diligence and Compliance Review, The Information Systems Department (ISD) has reviewed the following technologies for security and compliance, to ensure data protection, legal compliance, and adherence to County policies. The reviews were performed based on the following conditions:

- All technologies must be used in accordance with Administrative Policy 9-6 Information Technology Artificial Intelligence (AI) Policy.
- All technologies must be used in accordance with any Local Agency/Department policies, standards, guidelines, and procedures (if any exist).
- No County confidential, restricted, personal, proprietary, or protected data of any kind, including data that is not owned by the County, will be shared (copied, typed, interfaced, etc.) with these platforms, without performing a due diligence and compliance review as described in 9-6 Information Technology Artificial Intelligence (AI) Policy, which includes a review by County Counsel.
- Users must obtain approval from their Local Agency Department Head/General Manager before using any of these technologies.
- All Requirements for Use noted below for each technology must be followed.
- Any configurations or uses that do not following all of these conditions are not permitted and must be reviewed further by County Counsel.

Although due diligence has been performed on these technologies, the use of AI technologies within each department must still be authorized by the Local Agency Department Head/General Manager, so consult with your Local Agency Department Head/General Manager before using them.

Costs associated with these technologies are the responsibility of each Local Agency/Department, so review the fiscal impact to your agency/department before implementing them.

Approved Technologies

The technologies in this section have been approved for use with the following conditions.

Technology	Requirements for Use
ChatGPT – Free (Consumer Version)	<ul style="list-style-type: none"> • Link to product - https://openai.com/chatgpt/overview/ • ChatGPT is authorized to be used to assist with generating and/or fine-tuning content. <ul style="list-style-type: none"> ○ Only Public information is authorized to be entered into ChatGPT. ○ No restricted (internal) or confidential information is authorized to be entered into ChatGPT. ○ All other use cases must be reviewed by County Counsel. • Users must enable Multi-Factor Authentication (MFA) within the platform. • Users must manually Opt-Out of data sharing with the vendor - https://privacy.openai.com/policies?modal=take-control <ul style="list-style-type: none"> ○ Customer data is used to train the vendor AI by default for all Consumer versions of ChatGPT unless customers Opt-Out. • Custom GPTs cannot be created or shared with this version, but if they become available in the future, follow all ChatGPT-Plus requirements.
ChatGPT – Plus (Consumer Version)	<ul style="list-style-type: none"> • Link to product - https://openai.com/index/chatgpt-plus/ • ChatGPT is authorized to be used to assist with generating and/or fine-tuning content. <ul style="list-style-type: none"> ○ Only Public information is authorized to be entered into ChatGPT. ○ No restricted (internal) or confidential information is authorized to be entered into ChatGPT. ○ All other use cases must be reviewed by County Counsel. • Users must enable Multi-Factor Authentication (MFA) within the platform. • Users must manually Opt-Out of data sharing with the vendor - https://privacy.openai.com/policies?modal=take-control <ul style="list-style-type: none"> ○ Customer data is used to train the vendor AI by default for all Consumer versions of ChatGPT unless customers Opt-Out. • Custom GPTs must not be used for any purpose. <ul style="list-style-type: none"> ○ Although Custom GPTs are capable of be created with this version, they cannot be shared without giving the vendor unrestricted permission to use and share all data/content used to build the GPT and all data/content entered by users of the GPT, so therefore, they must not be used.
ChatGPT – Team (Business Version)	<ul style="list-style-type: none"> • Link to product - https://openai.com/chatgpt/team/ • Contact the Information Systems Department (ISD) for licensing information.

	<ul style="list-style-type: none"> • ChatGPT is authorized to be used to assist with generating and/or fine-tuning content. <ul style="list-style-type: none"> ○ Only Public information is authorized to be entered into ChatGPT. ○ No restricted (internal) or confidential information is authorized to be entered into ChatGPT. ○ All other use cases must be reviewed by County Counsel. • Users must enable Multi-Factor Authentication (MFA) within the platform. • Custom GPTs must not be used for any public facing use. <ul style="list-style-type: none"> ○ AI is known for providing inaccurate and bias information, and therefore must not be used for this purpose. • Custom GPTs may be created and shared with other ChatGPT users who are part of the same ChatGPT Team subscription only. <ul style="list-style-type: none"> ○ GPTs can only be used by those who it is shared with, and those users will have access to all content within the GPT. ○ GPT output must still be validated as described in Policy 9-6 (accuracy, bias, etc.) • Custom GPTs must not be shared with anyone who is not part of the same ChatGPT Team subscription. <ul style="list-style-type: none"> ○ Allowing anyone who is not part of the Team subscription, including those with a separate Team subscription, will give the vendor unrestricted permission to use and share all data/content used to build the GPT and all data/content entered by users of the GPT, so therefore, they must not be used by or shared with anyone outside of the same subscription.
ChatGPT – Enterprise (Business Version)	<p>While this product meets our security and compliance standards, the per-user costs and minimum number of users required make it cost-prohibitive for the day-to-day tasks that AI is currently approved for. The Team version is a more suitable and cost-effective option for our needs. We may reconsider this version as additional use cases are evaluated.</p>
Deckard Technologies	<ul style="list-style-type: none"> • Link to product - https://deckard.com/ • Deckard Technologies is authorized for use by the Auditor-Controller-Treasurer-Tax Collector (ACTTC) to support the County's monitoring of short-term rentals for compliance with the Transient Occupancy Tax Ordinance.
Descript	<ul style="list-style-type: none"> • Link to product - https://www.descript.com/ • Descript is authorized to be used for the following purposes: <ul style="list-style-type: none"> ○ Only Public information is authorized to be entered/uploaded to this product. ○ No restricted (internal) or confidential information is authorized to be entered/uploaded. ○ Video and Audio Production: Creating and editing original video content, developed for the purpose of public education. ○ Audio Transcription: Transcribing audio files from videos created by our department or received from contracted vendors, developed for the purpose of public education. ○ Captioning: Adding captions to videos created by our department or received from contracted vendors.

	<ul style="list-style-type: none"> ○ Public Video Repurposing: Downloading, editing, and repurposing publicly available videos hosted on YouTube (created by the County), such as SoCo Chat's Podcast, to create social media posts and other sound bites for public education on our fire prevention programs. ○ All other use cases must be reviewed by County Counsel.
Microsoft Teams Premium	<ul style="list-style-type: none"> • Encompasses Intelligent Recap in Microsoft Teams (no other features utilize Artificial Intelligence at the time of the evaluation) • Contact the Information Systems Department (ISD) for licensing information. • Utilizes Microsoft Azure OpenAI (see below)
Microsoft Azure OpenAI	<ul style="list-style-type: none"> • Approved Uses: <ul style="list-style-type: none"> ○ Microsoft Teams Intelligent Recap • Contact the Information Systems Department (ISD) for licensing information. • Additional uses to be reviewed separately by County Counsel and ISD, and will be listed above, once approved.
Microsoft Copilot (Free Version)	<ul style="list-style-type: none"> • The free version of Microsoft Copilot includes access to Microsoft Copilot within Bing Search, Edge, Microsoft Edge, and the Copilot App. • Refer to the applications below for specific instructions when using for County purposes or personal use. <ul style="list-style-type: none"> ○ These tools are not required to be used for personal use, the recommendations noted are only being provided as a courtesy to help users protect their personal information, if they choose to use them for personal use.
Microsoft Copilot – Bing Search	<p>This technology has been pre-approved for use in April 2025, when additional security features become available. Until these features become available, no County data should be entered into the platform.</p> <ul style="list-style-type: none"> • Available for free when using the Bing search engine <p><u>Personal Use</u> The following recommendations are being provided as a courtesy for users who wish to use this product for personal use on their personal devices:</p> <ul style="list-style-type: none"> • Enable Multi-Factor Authentication (MFA) on your personal Microsoft account. <p>Do not enter personal or sensitive information into Microsoft Copilot.</p> <ul style="list-style-type: none"> • Manually Opt-Out of data sharing with the vendor: <ul style="list-style-type: none"> ○ Microsoft accounted that beginning October 2024, will begin using consumer data to train their AI. They will provide the ability to Opt Out, but as of 12/20/2024, they have not provided instructions (this may not be in place in the U.S. yet). Users should

	<p>Opt Out, as soon as Microsoft provides instructions - https://www.microsoft.com/en-us/edge/copilot/faqs?form=MA13SQ&cs=361911829</p>
<p>Microsoft Copilot – Microsoft Edge</p>	<ul style="list-style-type: none"> • This product is not authorized. See Prohibited AI Technologies below.
<p>Microsoft Copilot – Copilot App</p>	<p>This technology has been pre-approved for use in April 2025, when additional security features become available. Until these features become available, no County data should be entered into the platform.</p> <ul style="list-style-type: none"> • Available for free when using the Copilot app within Windows, Android, and Apple products (MacBook, iPhone, iPad, etc.) <p><u>Personal Use</u> The following recommendations are being provided as a courtesy for users who wish to use this product for personal use on their personal devices:</p> <ul style="list-style-type: none"> • Enable Multi-Factor Authentication (MFA) on your personal Microsoft account. • Do not enter personal or sensitive information into Microsoft Copilot. • Manually Opt-Out of data sharing with the vendor: <ul style="list-style-type: none"> ○ Microsoft accounted that beginning October 2024, will begin using consumer data to train their AI. They will provide the ability to Opt Out, but as of 12/20/2024, they have not provided instructions (this may not be in place in the U.S. yet). Users should Opt Out, as soon as Microsoft provides instructions - https://www.microsoft.com/en-us/edge/copilot/faqs?form=MA13SQ&cs=361911829
<p>Microsoft Copilot Pro (Consumer Version of Copilot for M365)</p>	<ul style="list-style-type: none"> • This version of Copilot refers to AI capabilities within the consumers (personal) version of the M365 suite of products, including the web and desktop versions of Outlook, Word, Excel, PowerPoint, Teams, and other M365 apps. • Microsoft Copilot Pro is authorized to be used to assist with generating and/or fine-tuning content. <ul style="list-style-type: none"> ○ Only Public information is authorized to be entered into Microsoft Copilot. ○ No restricted (internal) or confidential information is authorized to be entered into Microsoft Copilot. ○ All other use cases must be reviewed by County Counsel. • Although this product is authorized for use, only the web version of these apps can be used on County computers, due to compatibility issues with the County’s enterprise M365 products. <p><u>Personal Use</u></p>

	<p>The following recommendations are being provided as a courtesy for users who wish to use this product for personal use on their personal devices:</p> <ul style="list-style-type: none"> • Enable Multi-Factor Authentication (MFA) on your personal Microsoft account. • Do not enter personal or sensitive information into Microsoft Copilot. • Manually Opt-Out of data sharing with the vendor: <ul style="list-style-type: none"> ○ Microsoft announced that beginning October 2024, will begin using consumer data to train their AI. They will provide the ability to Opt Out, but as of 12/20/2024, they have not provided instructions (this may not be in place in the U.S. yet). Users should Opt Out, as soon as Microsoft provides instructions - https://www.microsoft.com/en-us/edge/copilot/faqs?form=MA13SQ&cs=361911829
<p>Microsoft Copilot for Microsoft 365 (Enterprise Version of Copilot for M365)</p>	<ul style="list-style-type: none"> • This version of Copilot refers to AI capabilities within the enterprise version of the M365 suite of products, including the web and desktop versions of Outlook, Word, Excel, PowerPoint, Teams, and other M365 apps. • Microsoft Copilot for M365 is authorized to be used to assist with generating and/or fine-tuning content, and for searching for information or documents within the M365 environment. <ul style="list-style-type: none"> ○ Copilot is authorized for use with any data stored within the County's M365 tenant, including data stored in emails, OneDrive, SharePoint, Teams, etc. <ul style="list-style-type: none"> ▪ As a reminder, users must obtain approval from their Local Agency Department Head/General Manager before using any of these technologies. This is especially important for users with access to non-Public data. ○ Security controls are in place to limit the data that Copilot can access to only data that each individual licensed user has access to. ○ Users should report to their supervisor if they discover that they have access to data that they should not have access to. <ul style="list-style-type: none"> ▪ Copilot does not disclose or grant access to any data that a user does not already have access to. However, it may highlight that a user has access to information they weren't aware of.
<p>OnePlan – Sofia AI (Project Management and Portfolio Platform)</p>	<ul style="list-style-type: none"> • Only Public or Restricted (internal) project related information should be entered into OnePlan. <ul style="list-style-type: none"> ○ No confidential information is authorized to be entered into OnePlan or input into the Sofia AI chat feature. ○ All other use cases must be reviewed by County Counsel. • Contact the Information Systems Department (ISD) for licensing information.
<p>Rev</p>	<ul style="list-style-type: none"> • Link to product - https://www.rev.com • Rev is authorized to be used for the following purposes: <ul style="list-style-type: none"> ○ The Public Defender's Office may use this technology to transcribe audio and video recordings. <ul style="list-style-type: none"> ▪ The platform must be configured to use Single Sign-On (SSO) for user authentication.

	<ul style="list-style-type: none"> ▪ The platform must be configured to Opt Out of using County supplied data to train the ASR speech-to-text and other artificial intelligence (AI) models. ▪ The Public Defender is responsible for providing guidance to their staff on the types of audio and video recordings, as well as the sensitivity and confidentiality levels, that are appropriate for use with this technology within their department. ○ All other use cases must be reviewed by County Counsel, including the use of this technology by other departments.
Senzing	<ul style="list-style-type: none"> • Link to Product - https://senzing.com/ • Senzing is authorized to be used for use as entity resolution software within the Integrated Justice System (IJS) • All other use cases must be reviewed by County Counsel
Timekettle	<ul style="list-style-type: none"> • Link to Product - https://www.timekettle.co/ • Timekettle Earbuds Translator and Handheld Translator products are authorized for use when needed to assist with translating conversations in real-time to help overcome language barriers, with the following exceptions: <ul style="list-style-type: none"> ○ Timekettle products should not be used for highly sensitive conversations or official County communications. ○ All official County translations and communications must be validated by a human translator. • All other use cases must be reviewed by County Counsel.
Zoom AI Companion	<ul style="list-style-type: none"> • Link to product - https://www.zoom.com/en/ai-assistant/ • Contact the Information Systems Department (ISD) for licensing information. • Zoom AI Companion is authorized to be used with the following Zoom products only: <ul style="list-style-type: none"> ○ Zoom Meetings ○ Zoom Team Chat ○ Zoom Doc ○ Each department is responsible for establishing guidance on sensitivity and confidentiality levels of conversations, documents, and information discussed within the Zoom platform. • All other uses and features are prohibited (See Prohibited AI Technologies below) • Users must enable Multi-Factor Authentication (MFA) within the platform.

Technologies Currently Being Reviewed (Not Yet Approved)	
	<i>The technologies in this section are not yet approved for use, but they are currently being reviewed.</i>
Adobe Firefly	<ul style="list-style-type: none"> • Image generation and editing capabilities
Apple Intelligence	<ul style="list-style-type: none"> • AI capabilities that Apple is adding to iPhones, iPads, and Macs
Microsoft Copilot Studio	<ul style="list-style-type: none"> • Creating custom Copilots for use with Microsoft Copilot (for restricted (internal) use only)

Prohibited AI Technologies	
	<i>The technologies in this section are prohibited from being used.</i>
DeepSeek AI	https://www.deepseek.com/
Microsoft Copilot – Microsoft Edge	This refers to a feature that can be enabled within the Microsoft Edge web browser to allow Copilot to interact with content on web pages that users visit - https://learn.microsoft.com/en-us/copilot/edge
Otter.ai	https://otter.ai/
Zoom AI Companion	<p>All Zoom products/features not listed under the Authorized Technologies section are prohibited, including but not limited to:</p> <ul style="list-style-type: none"> • Zoom Mail & Calendars • Zoom Phone • Integrations with the County’s Microsoft 365 environment, such as Outlook, OneDrive, Teams, SharePoint, etc.
