

Supportive Services Only-Coordinated Entry (SSO-CE) HUD Project Quality Threshold Requirements (New Projects)

Please ensure you review the following requirements based on project type when submitting your project application and questionnaire. HUD will review the application submission in the e-snaps system and score the new project applications on whether or not your project meets the following quality threshold requirements. If you do not include this information in your application in e-snaps, your new project will be rejected by HUD.

You must address the criteria in your project application in e-snaps for HUD review.

New SSO-CE project applications (also known as centralized or coordinated assessment) must receive at least 3 out of the 4 points available for this project type. New SSO-CE projects that do not receive at least 3 points will be rejected.

Note: The Homeless Coalition already has an SSO CE Grant for CoC CE Operations. This project type is only available for DV Bonus applications.
